

Advancing Health Equity:

Calling all Clergy and Community Leaders in the Town of Islip District.

Raise Health together

Join respected leaders from diverse backgrounds to explore **Social Determinants of Health (SDOH)** at our **2nd Annual Clergy and Community Leaders Summit Institute**. Together we aim to understand and tackle crucial issues affecting our communities.

Social Determinants of Health:

Social determinants of health (SDOH) are the conditions in the environments where people are born, live, learn, work, play, worship, and age that affect a wide range of health, functioning, and quality-of-life outcomes and risks.

Summit's Key focus areas include:

- The Significance of Mental Health in Determining Health Outcomes
- Health Inequities Among Women of Color
- The Impact of Social Determinants on Nutrition

Summit at a glance:

- Start your day with breakfast and networking to connect with fellow attendees.
- Hear welcoming remarks and hospital updates to get updated on recent developments.
- Dive into a plenary overview session to learn about health-related social needs.
- Gain insights into health inequities among women of color.
- Engage in a session focusing on the significance of mental health in determining health outcomes.
- Explore the impact of social determinants on nutrition.
- Lunch and networking to connect with fellow attendees.
- Participate in round-table discussions to brainstorm solutions and strategies.
- Reflect on spiritual dynamics and discuss fostering unity and commitment within the community.
