

CALLING ALL ORGANIZATIONS & SCHOOLS

Become a Host Site for Long Island ACT-SO!

We're seeking dedicated locations to serve as mentoring sites where students can learn, grow, and prepare for the Local ACT-SO Competition. As a host location, you'll play a vital role in empowering students with guidance, resources, and support to excel in their chosen fields.

Share your knowledge, guidance, and resources to uplift the next generation of achievers.

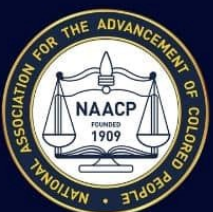

How You Can Help:

- Hosting a mentoring site lets you directly support and inspire local youth, strengthening your role in the community.
- Showcase your organization's strengths in fields like STEM, arts, or entrepreneurship, positioning yourself as a champion of youth development.
- Build valuable connections with emerging leaders, opening doors for future internships, collaborations, and partnerships.

Time Commitment: Flexible

Where: Virtual and In-person sessions available.
